Business Coaching and Training Programs

BAM! BUSINESS ADVOCACY & MENTORSHIP

BAM! is a business coaching program designed to solve various aspects of business challenges. Members are encouraged to participate often throughout the entire year so they can identify challenges, find solutions, implement plans, and experience the growth they expect as a result of their hard work and participation in BAM! This program is delivered in an English and Spanish setting.

3Ms - MONTHLY MEMBERS MEETUP

The Members Meetup Program (3Ms) is a meet and greet opportunity where members can introduce themselves, and present their company's capabilities, programs, and services. Attendees can meet other sponsors, members, Members of the Board, and the Executive Director. Attendees will benefit from this enjoyable fellowship with members, sponsors, and friends.

EXECUTIVE SEMINARS

Workshops, seminars, webinars, and podcasts are available to assist Hispanic/Latino companies to improve their skills, project management, job pricing, delivery, performance, and enterprise development. MDHCC provides expert presenters, thought-provoking speakers, and training on the art and techniques of doing business in the USA.
